Scott v0.5.5                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | MASTER POOL © 2026 T. Scott v0.5.5                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Assimilation</b> <div>4</div> <p><b>ACTION</b><br/>Place Assimilation in your Conditions area. If you win your next battle this turn as the attacker on a Territory your opponent controls, immediately capture that Territory instead of occupying it. If another effect would delay capture, reduce that delay by one round instead. Discard Assimilation at the end of the turn.</p> <hr/> <p><b>BATTLE</b><br/>If you win this battle as the attacker on a Territory your opponent controls, immediately capture that Territory instead of occupying it. This effect overrides effects that would delay capture.</p> <hr/> <p><b>REMINDER:</b> Against Protracted Siege, the Action restores the normal capture schedule; the Battle effect captures immediately.</p> | <b>Attrition</b> <div>3</div> <p><b>ACTION</b><br/>Place Attrition in your Assets area. Whenever your opponent loses a battle against you, each card they played from their battle draw goes to their Graveyard instead of their discard pile.</p> <hr/> <p><b>BATTLE</b><br/>If your opponent loses this battle, place every card from their initial battle draw in their Graveyard.</p> <hr/> <p><b>REMINDER:</b> The initial battle draw is the first three cards drawn. This includes cards already discarded. Ignore additional and replacement cards; if fewer than three were drawn, affect all of them.</p>                                                                                                                                           | <b>Blockade</b> <div>4</div> <p><b>ACTION</b><br/>Place Blockade in your opponent's Conditions area. At the beginning of each of their turns, after their normal draw, if they have more than one card in hand, they discard one at random. When they win a battle, discard Blockade.</p> <hr/> <p><b>BATTLE</b><br/>Your opponent may discard one card from their hand. If they do not, each card they played from their battle draw has no effect during this battle. If they lose, place Blockade in their Conditions area instead of its normal destination.</p> <hr/> <p><b>REMINDER:</b> A player may have only one Blockade Condition.</p> |

| <div> Siege Weaponry 5 </div> <div> <b>ACTION</b><br/> Place Siege Weaponry face up over the nearest revealed enemy-controlled Territory ahead of you that has a printed effect. While it remains face up, that Territory's printed effect is inactive. The next time you attack there, discard Siege Weaponry if you lose. If you win, or if you capture that Territory without a battle, turn Siege Weaponry face down and leave it there. </div> <div> <b>BATTLE</b><br/> If you are attacking on an enemy-controlled Territory, place Siege Weaponry face up over it. That Territory's printed effect is inactive during this battle. If you win, turn Siege Weaponry face down and leave it there instead of placing it in its normal destination. </div> <div> <b>REMINDER:</b> Face-down Siege Weaponry is an active Ruins Overlay and remains until specifically repaired. </div> | <div> Spies 1 </div> <div> <b>ACTION</b><br/> Place Spies in your Assets area. Your opponent keeps their hand face up. </div> <div> <b>BATTLE</b><br/> Reveal Spies before the other Battle cards. Your opponent reveals every card committed from hand and their entire battle draw, then finalizes their battle-draw selection face up. You may then change your own battle-draw selection. If you replace Spies, place it in your Graveyard immediately. </div> | <div> Stand Ground 2 </div> <div> <b>ACTION</b><br/> Until the start of your next turn, your token cannot be moved by opposing card effects. </div> <div> <b>BATTLE</b><br/> If you are the defender, gain advantage. </div>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
